The Commission on perusal of the letter dated 12.09.2019 observed that it is relevant to quote following provisions for furnishing the information if the public authority is more than one.

As per Office Memorandum No.10/2/2008-IR, Government of India, Ministry of Personnel, Public Grievances & Pension, Department of Personnel & Training, New Delhi, in para 2(ii) and (iii) informed as follows:

> ***(ii) A person makes an application to a public authority for information, only a part of which is available with that public authority and a part of the information concerns some 'another public authority'. In such a case, the PIO should supply the information available with him and a copy of the application should be sent to that another public authority under intimation to the applicant,.***
>
> ***(iii) A person makes an application to a public Authority for information, a part of which is available with that public authority and the rest of the information is scattered with more than one other public authorities. In such a case, the PIO of the public authority receiving the application should give information relating to it and advise the applicant to make separate applications to the concerned public authorities for obtaining information from them. If no part of the information sought, is available with it but is scattered with more than one other public authorities, the PIO should inform he applicant that information is not available with the public authority and that the applicant should make separate applications to the concerned pubic authorities for obtaining information from them.***

In view of the above, this Commission suggests the PIO to follow the above provision, if more than one Public Authority is there for furnishing the information.

However, in the instant case, some of the District Officers concerned, to whom the 6(1) application was transferred, furnished the information to the complainant.
